

There's Little or No Paperwork

When a Northeast Delta Dental member sees a participating dentist, the identification card is presented. Participating dentists have claim forms in their offices. The member supplies certain personal information, and the rest of the claim form is completed free of charge by the dental office.

The dentist sends the claim form to Northeast Delta Dental. Northeast Delta Dental processes the completed form and pays the dentist directly. The subscriber receives a Notification of Benefits indicating any obligation to the dentist.

Who Is Eligible

VACE member groups that participate in the VACE Insurance Program, as long as there is an identifiable employer who sponsors the plan, signs the contract application, and makes payments to VACE. All employees and their dependents are eligible after a probationary period chosen by the employer.

If not enrolled on the original effective date, or in the case of new employees, after the probationary period, coverage will be available only on the anniversary of the group's original effective date each year.

Dependent coverage ceases at age 19, or at age 25 if the child is attending a degree-granting institution of higher education as a full-time student. Incapacitated children may remain enrolled regardless of age.

Coverage for enrolled employees must continue until the end of the contract year.

If an employee chooses to enroll one dependent, all eligible dependents must be enrolled.

Who Pays—How and When

While Northeast Delta Dental encourages employers to contribute at least 25% toward the cost of employee coverage, there is no minimum employer contribution required for this program. However, the employer must agree to sponsor the program, offer it to all eligible employees, and collect employee contributions via payroll deductions.

Payment must be paid to VACE Insurance Program monthly.

We Guarantee our Service

Advantages of the VACE Insurance Program Northeast Delta Dental Program

VACE Insurance Program recognizes that good dental care is an important part of a well-rounded health program. VACE Insurance Program, in cooperation with Northeast Delta Dental, has developed several benefit options for your consideration.

Through membership in VACE Insurance Program, employers can include a Northeast Delta Dental Plan as a benefit for their employees and their families. We urge you to consider adding the dental benefit.

When you participate in VACE Insurance Program's Dental Program, you are part of VACE Insurance Program, which was established for its members; you receive special group rates; you select an option designed especially for participants of VACE Insurance Program; and you share the benefits of Northeast Delta Dental's over 40 years of experience with the majority of dentists in New Hampshire, Maine, and Vermont.

Northeast Delta Dental and the Dentist

You may see any dentist you wish, participating or nonparticipating. Northeast Delta Dental has a unique relationship with nearly three out of every four dentists throughout the United States. Participating dentists agree to accept Delta Dental's approved amount as payment, and further agree not to charge any difference back to their Delta Dental patients.

Delta Dental Network Dentists

Patients will get the best value from their voluntary dental benefits when they receive dental care from a Delta Dental participating dentist. The additional benefits of seeing a participating dentist include:

- **No balance billing**—Patients cannot be billed the difference between a participating dentist's submitted charge and Delta Dental's approved amount.
- **Less paperwork**—Participating dentists complete and forward dental claim forms directly to Northeast Delta Dental.
- **Direct Payment**—Northeast Delta Dental pays the participating dentist directly, so the patient does not have to pay the covered amount up front and wait for a reimbursement check.

Non-participating Dentists

For Non-Participating Dentists: If you visit a non-participating dentist within the Northeast Delta Dental operating area of Maine, New Hampshire, and Vermont, you may be requested to bring a claim form that is available by calling Northeast Delta Dental or that may be downloaded from www.nedelta.com. Unless otherwise required by State law, payment for services rendered will be made directly to you and will be limited to the lesser of the dentist's actual submitted

charge or the company's allowance for non-participating dentists located in the tri-state region. It will be your responsibility to make full payment to your dentist.

For Non-Participating Dentists Outside Maine, New Hampshire, and Vermont: If you visit a dentist outside the operating area of Northeast Delta Dental, you may be requested to bring a claim form that is available by calling us or may be downloaded from www.nedelta.com. Payment will be made to the subscriber unless the state in which the services are rendered requires that assignments of benefits be honored and Northeast Delta Dental receives written notice of an assignment on the claim form before payment for benefits is made. Payment for treatment performed by a non-participating dentist will be limited to the lesser of the actual submitted charge or an amount equal to a selected percentile of a nationally recognized database of dental charges for the geographic area in which the services were provided. When there is not sufficient fee information available for a specific dental procedure, Northeast Delta Dental will determine an appropriate payment amount.

Vision Discount Program

A Vision Discount Program is available to you and your employees simply by showing your Northeast Delta Dental identification card when visiting participating vision care providers. For more information, please visit www.eyemedvisioncare.com/deltadental.

Backed by the VACE Insurance Program & Northeast Delta Dental

When you join the VACE Northeast Delta Dental Plan, you're backed by two organizations that are renowned for providing businesses such as yours with the very best service available.
